

MSF300 - 1220 Pipe Cutting and Bevelling Ø4 - 48" capacity

A heavy duty split frame pipe cutting and bevelling machine that has been designed primarily for casing cutting and can operate with inserted tooling. The machine can be used to cut through pipe with wall thickness of up to 4" in most materials.

- ***Heavy duty split frame design***
- ***Adjustable preloaded bearing track***
- ***Low height adjustable cutting toolboxes***
- ***Air or hydraulic drive***
- ***Counter boring unit (optional)***
- ***All operations in carbon steel, stainless steel, hastelloy and Incolloy***
